Product contains less than 0.3% total Delta-9-tetrahydrocannabinol (THC) by weight including precursors

These Statements have not been evaluated by the US Food and Drug Administration. These products are not intended to cure or prevent any disease. The US Food and Drug Administration (FDA) considers non-THC based hemp products to be "food based" and therefore legal without a medical marijuana license. Please check your local and state laws where applicable.

**LMP created interactive posts and fresh content that generated a revenue stream. Quickfix's Facebook following increased by 750 people within 4 months**

- Starting May 2019 LMP was hired for 3 months as a consultant to create both Facebook & Instagram pages for the new brand, Quickfix. Due to restrictions, paid ads were not accepted. We combatted this by utilizing our captivating nature photography and vibrant, upscale product photography. We made video how to's, dog treat recipes and showcased CBD as a relatable, natural part of anyone's healthy daily routine.
